

COVID-19 Announcement

Urner Barry Printing and Mailing continues to operate as normal for our customers while carefully monitoring the situation regarding COVID-19 (Coronavirus).

We are committed to ensuring the health and safety of our employees while still providing print and mail services that are important to help businesses and organizations operate and relay messages to their constituents.

Business continuity plans are in place should circumstances change. But know that we will do our very best to make operations as seamless as possible for both our employees and our customers.

To protect our employees, at this time we are accepting deliveries, drop-offs and pickups, but with no contact. If you are delivering, please leave packages on the porch or loading dock and call us once the delivery is made. If you are picking up, please call us from your vehicle and we will put what you are picking up outside. We will also try to UPS as many deliveries as we can.

A Message from the United States Postal Service

The CDC, the World Health Organization, and the Surgeon General have indicated that there is currently no evidence that COVID-19 is being spread through the mail.

USPS VOWS TO REMAIN OPEN AS ESSENTIAL SERVICE, The Postal Service is undertaking all reasonable measures to minimize the impact to our customers.

In addition, the Postal Service is an essential service for purposes of its compliance with state or municipality shelter-in-place orders or other social distancing restrictions. The Postal Service delivers medications, social security checks, and is the leading delivery service for on-line purchases.
